The Journal of Mathematical Physics is published monthly by the American Institute of Physics. Its purpose is to form a medium of publication of highly mathematical physics articles and papers on branches of mathematics that are currently or potentially useful for the development of theoretical physics. Mathematical manuscripts should be written in a manner that is understandable to theoretical physicists. Although most papers appearing in this journal are original, occasionally reviews of mathematical topics of interest to physicists will be published.

Information for Contributors

Send manuscripts to Morton Hamermesh, *Editor, Journal of Mathematical Physics*, Physics Department, University of Minnesota, Minneapolis, Minn. 55455. Unless otherwise stated, submission of a manuscript is a representation that it has not been copyrighted, published, or currently submitted for publication elsewhere.

Publication Charge: To support the cost of wide dissemination of research results through publication of journal pages and production of a data base of articles, the author's institution is requested to pay a *page charge* of \$70 per page (with a one-page minimum) and an *article charge* of \$20 per article. The *page charge* (if honored) entitles the author to 100 free reprints. For Errata the minimum page charge is \$10, with no article charge and no free reprints. Non-payment of the publication charge may lead to delays in publication.

Manuscripts should be typewritten in black ink on durable white paper, and on one side only. They should be double-spaced (including abstracts and references) with wide margins, and an original submitted to the Editor. Authors should retain a copy of their manuscript and whenever possible submit a copy with the original. The *Style Manual* of the American Institute of Physics will be most helpful in the preparation of manuscripts.

References should appear as consecutively numbered footnotes. Literature citations of technical journals should be in the form indicated in the *Style Manual* of the American Institute of Physics and in *Chemical Abstracts List of Periodicals 1961* (Special Issues Sales, American Chemical Society, 1155 16 St. NW, Washington, D.C. 20036).

Tables may be typewritten on sheets separate from the running text. Each table must have a caption that will make the data in the table intelligible without reference to the text. Avoid complicated column headings.

Figures should, whenever practicable, be planned for reproduction in one-column width (7.5 cm). Line drawings should be India ink on white paper or tracing cloth. The original drawing or a high-quality glossy print should be submitted. To facilitate mailing and handling, original drawings should not exceed 22 by 28 cm in size. Lettering, preferably drawn with a mechanical set, should be of a size so that when reduced the smallest lower-case letters will not be less than about 1.5 mm. Avoid gross disparities in lettering size on a drawing. Consult the *Style Manual* of the American Institute of Physics for further discussion of figures. Type figure captions on a separate sheet of paper. Number figures consecutively. Identify each original drawing or photo-

graph with the figure number and authors' names, written where they will not be reproduced.

Proof and all correspondence concerning papers in the process of publication should be addressed to: Editorial Supervisor, *The Journal of Mathematical Physics*, American Institute of Physics, 335 East 45th Street, New York, N.Y. 10017. In all correspondence reference should be made to title, author, journal, and scheduled date of issue. A limited number of alterations in proof are unavoidable, but the cost of making extensive alterations after the article has been set in type will be charged to the author.

Microfilm editions of back volumes of *Journal of Mathematical Physics* are available on 16 mm and 35 mm. Volumes 1-14 (1960-1973) are available for \$409.00. The price for the complete year 1974, Vol. 15, is \$65.00. Special discounts for the complete backfile of journals published by AIP are also available. *Journal of Mathematical Physics* also appears on a monthly basis in *Current Physics Microform* (CPM) Section I (domestic lease, \$1650 per year; foreign lease, \$1700 per year) along with 20 other journals published by the American Institute of Physics and its member societies. *Journal of Mathematical Physics* is indexed in *Current Physics Index*, a subject and author index (with abstracts) to all journals published by AIP or its member societies.

Reprints of individual articles in this journal may be ordered singly at \$0.25 per page (orders filled in 24 hours) from the American Institute of Physics, **Current Physics Reprints**, 335 East 45 Street, New York, N.Y. 10017.

Subscriptions, renewals, address changes, and single-copy orders should be addressed to: Subscription Fulfillment Division, American Institute of Physics, 335 East 45th Street, New York, N.Y. 10017. Allow at least six weeks advance notice. For address changes please send both old and new addresses, and, if possible, include an address-stencil imprint from the mailing wrapper of a recent issue. For your convenience a **change of address form is included in every issue of *Physics Today***; please use it.
