Information for Authors

Submissions: Submit manuscripts to Office of the Editor, *Journal of Mathematical Physics*, Indiana University, The Poplars, Room 324, Bloomington, IN 47405; E-mail: jmp@indiana.edu.

Authors who wish to have their manuscript handled by a specific member of the Editorial Board should so notify the editorial office at the time of submission, and also send two copies (in addition to the three copies sent to the editorial office) of their manuscript to the Board member of their choice. Details about manuscript submission (hardcopy and electronic) can be found in the January issue and at the above URL.

Publication charge: The American Institute of Physics does not require page charges for this journal.

Color Printing: Authors or their institutions must bear the cost of any color they wish to use in their papers. A fixed rate of \$650 for the first color figure and \$325 for each additional color figure applies. For multipart figures, a single charge will apply only if all parts are submitted as a single piece of artwork.

Reprints: Authors may order reprints with or without covers only in multiples of 50 (with a minimum of 100 in each category) from AIP, Circulation & Fulfillment/Reprints, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502; Fax: 516-349-9704; Telephone: 800-344-6909 (U.S. and Canada) or 516-576-2270.

Electronic Physics Auxiliary Publication Service (EPAPS) is a low-cost electronic depository for material that is supplemental to a journal article. For a nominal fee, authors may submit multimedia, color figures, data tables, etc. Retrieval instructions are footnoted in the published paper, and links appear in the online version. Direct requests to the Editor; for additional information see <http://www.aip.org/pubservs/epaps.html>.

Accepted Manuscript Status Inquiry System (AMSIS): Authors may access information about their accepted manuscript online during the production process by visiting the AMSIS website (<http://www.aip.org/msinq/status.html>).

Digital Object Identifier (DOI): Each archival article published is assigned a unique DOI that serves to identify the article in a digital environment. In print, the DOI appears at the end of each abstract.

Comments: Authors may direct comments on the journal or on the editorial process to Doreene Berger, Manager, Editorial Operations, AIP, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502; Telephone: 516-576-2444; Fax: 516-576-2450; E-mail: dberger@aip.org.

Additional information regarding subscriptions and permissions appears following the table of contents.

Journal of Mathematical Physics is published monthly by the American Institute of Physics (AIP). Its purpose is the publication of papers in mathematical physics—that is, the application of mathematics to problems in physics and the development of mathematical methods suitable for such applications and for the formulation of physical

theories. The mathematics should be written in a manner that is understandable to theoretical physicists. Occasionally, reviews of mathematical subjects relevant to physics and special issues combining papers on a topic of current interest may be published.
