CHAOS is a quarterly journal published by the American Institute of Physics (AIP) and devoted to increasing the understanding of nonlinear phenomena and describing the manifestations in a manner comprehensible to researchers from a broad spectrum of disciplines.

Submit manuscripts to Janis Bennett, CHAOS Editorial Office, American Institute of Physics, 500 Sunnyside Blvd., Woodbury, NY 11797-2999. Submission is a representation that the manuscript has not been published previously nor currently submitted for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright from the authors (or their employers—whoever holds the copyright) to AIP; a suitable form for copyright transfer is occasionally printed in the back of this journal and is also available from the Editor's office or AIP. This written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the 1978 U.S. copyright law in order for AIP to continue disseminating physics research results as widely as possible. Further information may be obtained from AIP.

Manuscripts: submit 4 copies typed double space throughout [see the "Information for Manuscript Preparation" printed in this issue]. Figures must be of camera-ready quality, and should be identified on the back by the journal, the authors name, and figure number. Authors should also consult the *AIP Style Manual*, published by the American Institute of Physics. It may be obtained for \$10.00 plus shipping charge (in U.S. and Canada \$2.75; overseas \$7.50) (payment must be enclosed) from the American Institute of Physics, c/o AIDC, 64 Depot Road, Colchester, VT 05446. To order via credit card, call toll free: 800-445-6638.

Reprints: There is no publication charge. Reprints may be ordered at current rates from Publication Billing—Reprints Section, 500 Sunnyside Blvd., Woodbury, NY 11797; minimum order of 100 is required.

AIP's **Physics Auxiliary Publication Service (PAPS)** is a low-cost depository for material that is part of and supplementary to a published paper but is too long to be included in the journal; inquire of the Editor.

Proofs and all correspondence concerning papers accepted for publication should be addressed to: Editorial Supervisor, *CHAOS*, American Institute of Physics, 500 Sunnyside Boulevard, Woodbury, NY 11797-2999. In all correspondence, reference should be made to title, author, journal, and scheduled date of issue. A limited number of **alterations in proof** are unavoidable, but the cost of making extensive alterations after the article has been set in type will be charged to the author.

Copyright 1992, American Institute of Physics. Individual teachers, students, researchers, and libraries acting for them are permitted to make copies of articles in this journal for their own use in research or teaching, including multiple copies for classroom or library reserve use, provided such copies are not sold. Copying for sale is subject to payment of copying fees. (See "Copying Fees" paragraph elsewhere in this journal.) Permission is granted to quote from this journal with the customary acknowledgment of the source. To reprint a figure, table, or other excerpt requires in addition the consent of one of the original authors and notification to AIP. Reproduction for advertising or promotional purposes, or republication in any form, is permitted only under license from AIP, which will normally require that the permission of one of the authors also be obtained. Direct inquiries to Office of Rights and Permissions, American Institute of Physics, 335 East 45th Street, New York, NY 10017.

CHAOS (ISSN: 1054-1500) is published quarterly by the American Institute of Physics. Second class postage rates paid at Woodbury, NY, and at additional mailing offices. POSTMASTER: Send address changes to CHAOS, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Subscription, renewals, and address changes should be addressed to AIP, Member and Subscriber Services (MASS) Division, 500 Sunnyside Blvd., Woodbury, NY 11797-2999. Allow at least six weeks' advance notice. For address changes please send both old and new addresses and, if possible, include a mailing label from the wrapper of a recent issue. For your convenience a **change of address form is included in every issue of Physics Today; please**

use it. Requests from subscribers for missing journal issues will be honored without charge only if received within six months of the issue's actual date of publication; otherwise, the issue may be purchased at the single-copy price. (AIP Headquarters and Advertising offices are located at 335 East 45th St., New York, NY 10017.)

Single-copy orders (current and back issues) should be addressed to AIP, MASS Division, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Reprints of individual articles in this journal may be ordered singly at \$10.00 per article copy (postage included). Airmail delivery is available. Orders are filled within one week of receipt or of the date of publication, whichever is later. Send orders to AIP, MASS Division, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Copying Fees: The code that appears on the first page of articles in this journal gives the fee for each copy of the article made beyond the free copying permitted by AIP. (See statement under "Copyright" elsewhere in this journal.) If no code appears, no fee applies. With the exception of copying for advertising and promotional purposes, the express permission of AIP is not required provided the fee is paid through the Copyright Clearance Center, Inc. (CCC), 27 Congress St., Salem, MA 01970. Contact the CCC for information on how to report copying and remit payment.

Microfilm Subscriptions of complete volumes of CHAOS are available on 16 mm and 35 mm. CHAOS also appears on a monthly basis in Current Physics Microform (CPM) Section 1 along with 32 other journals published by the American Institute of Physics and its member societies. A Microfilm Catalog is available on request. CHAOS is indexed quarterly in Current Physics Index, a subject and author index (with abstracts) to all journals published by AIP and its member societies.
