*Journal of Applied Physics* is the American Institute of Physics' (AIP) archival journal for significant new results in applied physics; content is published online daily and collected into two online and printed issues per month (24 issues per year.). The journal publishes articles that emphasize understanding of the physics underlying modern technology, but distinguished from technology on the one side and pure physics on the other. *Applied Physics Reviews* is a series of occasional review articles on topics within this scope. The Proceedings of the Conference on Magnetism and Magnetic Materials is an annual feature.

**Submissions:** Submit manuscripts at [jap.pearx-press.org](http://jap.pearx-press.org). Submission implies that the manuscript has not been published previously and is not currently submitted for publication elsewhere. For specific editorial format requirements and submission information, visit [jap.aip.org/authors](http://jap.aip.org/authors).

**Publication Charge:** To support the cost of wide dissemination of research results through publication of journal pages and production of a database of articles, the author's institution is requested to pay a page charge of \$60 per page (with a one-page minimum) and an article charge of \$20 per article. For Errata the minimum page charge is \$60, with no article charge. For any regular, published article that exceeds 10 journal pages, a mandatory \$150 page charge will be added for each page in excess of 10 pages.

**Open Access:** Through participation in Author Select® and payment of a \$1800 fee, authors may choose open access publication for their accepted papers. Authors will receive information during the production process. More details about this option may be found at [jap.aip.org/authors](http://jap.aip.org/authors).

**Color Figures:** If authors supply usable color graphics files in time for the production process, color will appear in the online journal free of charge. Authors or their institutions must bear the cost of any color they wish to use in print. A fixed rate of \$325 for each color figure applies for color in print. For multipart figures, a single charge will apply only if all parts are submitted as a single piece of artwork.

**Reprints:** Authors will be contacted about reprint orders during the production process; all orders are placed through Rightslink. Direct questions to [pcr@aip.org](mailto:pcr@aip.org).
