Submit manuscripts (2 copies) to John Light, Editor, *The Journal of Chemical Physics*, Department of Chemistry, 5735 S. Ellis Avenue, The University of Chicago, Chicago, IL 60637; E-mail: editor@jcp.uchicago.edu; fax: (312) 702-8314. Submission is a representation that: (a) The manuscript has not been published nor is currently submitted for publication elsewhere; (b) The paper is submitted with the knowledge and permission of all authors; and (c) The authors include all persons who have made a sufficient contribution to the work.

Physics Auxiliary Publication Service (PAPS): For a nominal fee, authors may submit material which is part of and supplemental to a published paper, but is too long to be included in the journal. Direct requests to the Editor.

The Journal of Chemical Physics is published four times per month, 48 issues per year by the American Institute of Physics (AIP). Its purpose is to bridge a gap between journals of physics and journals of chemistry. The artificial boundary between physics and chemistry has now been in actual fact completely eliminated, and a large and active group is engaged in research which is as much the one as the other. It is to this group that the Journal is rendering its principal service and makes its greatest appeal, both as a prompt and efficient medium for publication of research and as a convenient and carefully edited assemblage of pertinent information.

Publication Charge: To support the cost of wide dissemination of research results through publication of journal pages and production of a database of articles, the author's institution is requested to pay a page charge of \$55 per page (with a one-page minimum) and an *article charge* of \$20 per article. For Errata the minimum page charge is \$10, with no article charge.
