Information for Authors

Submissions: Submit manuscripts, as electronic PDF files, via the website: <http://jcp.uchicago.edu>. Do not send manuscripts to the editorial offices as e-mail attachments. If preferred, mail printed manuscripts (2 copies) to Donald H. Levy, Editor, *The Journal of Chemical Physics*, Department of Chemistry, 5735 S. Ellis Ave., The University of Chicago, Chicago, IL 60637; E-mail: editor@jcp.uchicago.edu; Fax: 773-702-8314. Submission implies that the manuscript has not been published previously and is not currently submitted for publication elsewhere. For detailed information for contributors, visit <http://jcp.aip.org/jcp/submit.jsp>.

Publication Charge: To support the cost of wide dissemination of research results through publication of journal pages and production of a database of articles, the author's institution is requested to pay a page charge of \$55 per page (with a one-page minimum) and an article charge of \$20 per article. For Errata the minimum page charge is \$10, with no article charge. For any regular article that exceeds 12 journal pages, the requested page charge is \$150 for each page in excess of 12 pages.

Free Color Online: If authors supply usable color graphics files in time for the production process, color will appear in the online journal free of charge; the same files will be used for the printed issues whether these appear in color or not.

Color Printing: Color illustrations will be published free of charge to authors in the printed journal if the Journal's editors deem the use of color to be essential. For all other color figures, fixed rates of \$650 for the first color figure and \$325 for each additional color figure apply. For multipart figures, a single charge will apply only if all parts are submitted as a single piece of artwork.

Reprints: Order reprints with or without covers only in multiples of 50 from AIP, Circulation & Fulfillment/Reprints, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502; Fax: 516-349-9704; Tel.: 1-800-344-6909 (U.S. & Canada), or 516-576-2270.

Supplemental Material may be deposited with AIP's Electronic Physics Auxiliary Publication Service (EPAPS), a low-cost online depository. For a nominal fee, authors may submit multimedia, data tables, text, etc. Address requests to the Editor; for additional information, see <http://www.aip.org/pubservs/epaps.html>.

Online Status Inquiry: During the production process, authors may access information about their accepted manuscripts at <http://www.aip.org/msinq/status.html>.

Digital Object Identifier (DOI): Each archival article published is assigned a unique DOI that serves to identify the article in a digital environment. In print, the DOI appears at the end of each abstract.

The purpose of *The Journal of Chemical Physics* (JCP) is to bridge a gap between journals of physics and journals of chemistry by publishing quantitative research based on physical principles and techniques, as applied to "chemical" systems. Just as the fields of chemistry and physics have expanded, so have chemical physics subject areas which include polymers, materials, surfaces/interfaces, and biological macromolecules along with the traditional small molecule and condensed phase systems. JCP is published four times per month (48 issues per year) by the American Institute of Physics (AIP).
