

EDITORS

Fred L. Ribe, Plasma Physics

Andreas Acrivos, Fluid Dynamics

Loren C. Steinhauer, Resident Associate Editor

Julie L. Antle, Barbara S. Pearson, and Edward Silverman, Assistants to the Editors

Associate Editors

Term ending 31 December 1988

D. Baganoff (Stanford Univ.)
 R. A. Dory (Oak Ridge Natl. Lab.)
 J. R. Herring (Natl. Center Atmos. Res.)
 C. F. Kennel (U. Cal., Los Angeles)
 E. P. Lee (Lawr. Berkeley Lab.)
 S. Widnall (MIT)

Term ending 31 December 1989

B. J. Cantwell (Stanford Univ.)
 J. Davis (Naval Research Lab.)
 C. W. Horton (U. Texas, Austin)
 G. Navratil (Columbia Univ.)
 C. Seyler (Cornell Univ.)
 F. S. Sherman (U. Cal., Berkeley)

Term ending 31 December 1990

T. M. Antonsen (U. Maryland)
 G. M. Homsy (Stanford Univ.)
 H. Lam (Princeton Univ.)
 R. L. McCrory, Jr. (U. Rochester)
 S. B. Pope (Cornell Univ.)
 D. J. Sigmar (MIT)

François N. Frenkiel, Founding Editor, 1958–1981

AIP EDITORIAL STAFF: Rosalind Nissim, *Managing Editor*; Kathleen Bubbeo, *Chief Copy Editor*

The Physics of Fluids is published monthly by the American Institute of Physics (AIP) with the cooperation of The American Physical Society and is devoted to original contributions to the physics of fluids covering kinetic theory, statistical mechanics, structure and general physics of gases, liquids, and other fluids, as well as certain basic aspects of physics of fluids bordering geophysics, astrophysics, biophysics, and other fields of science. The scope of these fields of physics includes: magneto-fluid dynamics, ionized fluid and plasma physics, shock and detonation wave phenomena, hypersonic physics, rarefied gases and upper-atmosphere phenomena, physical aeronomy, transport phenomena, hydrodynamics, dynamics of compressible fluids, boundary-layer and turbulence phenomena, liquid-state physics, and superfluidity.

Information for Contributors

Submit manuscripts (3 copies) in Plasma Physics to Fred L. Ribe, Editor, *The Physics of Fluids*, College of Engineering, 356 Benson Hall, BF-20, University of Washington, Seattle, WA 98195.

Submit manuscripts (3 copies) in Fluid Dynamics to Andreas Acrivos, Editor, *The Physics of Fluids*, The Levich Institute for PCH, Room 202—Steinman Hall, City College of New York, Convent Ave. at 138th St., New York, NY 10031.

Submission is a representation that the manuscript has not been published previously nor currently submitted for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright from the authors (or their employers—whoever holds the copyright) to AIP; a suitable form for copyright transfer is occasionally printed in the back of this journal and is available from the Editor's office or AIP. This written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the 1978 U.S. copyright law in order for AIP to continue disseminating physics research results as widely as possible. Further information may be obtained from AIP.

Index the article according to AIP's *Physics and Astronomy Classification Scheme—1988* (PACS)—see Phys. Rev. Lett. **59**, No. 21 (1987) or write for a free copy to PACS Editor, AIP. Choose up to four PACS numbers and type them in order of importance after the abstract.

Publication Charge: To support the cost of wide dissemination of research results through publication of journal pages and production of a data base of articles, the author's institution is requested to pay a *page charge* of \$50 per page (with a one-page

minimum) and an *article charge* of \$20 per article. The page charge (if honored) entitles the author to 100 free reprints. For Errata the minimum page charge is \$10, with no article charge and no free reprints. Nonpayment of the publication charge will lead to delays in publication.

Manuscripts for regular articles, letters, and brief communications must be prepared in accordance with the requirements of the Journal which are summarized on pages vii and viii of the January issue of *The Physics of Fluids* of this year. Authors should consult the *Style Manual* of AIP, which can be obtained (for \$7.50 prepaid) by writing to American Institute of Physics, 335 East 45th Street, New York, NY 10017. Manuscripts submitted in a form which is not appropriate for the Journal may have to be returned to the authors. The Editors welcome manuscripts whether submitted by the author, or by the technical reports office of his laboratory, or other laboratory officials at the author's request; comments of referees, however, will be communicated only to the author.

AIP's **Physics Auxiliary Publication Service (PAPS)** is a low-cost depository for material which is part of and supplementary to a published paper, but is too long to be included in the journal; inquire of the Editor.

Proofs and all correspondence concerning papers in the process of publication should be addressed to: Managing Editor, *The Physics of Fluids*, American Institute of Physics, 335 East 45th Street, New York, NY 10017. Reference must be made to title, author, journal, and scheduled date of issue. A limited number of alterations in proof are unavoidable, but the cost of making extensive alterations after the article has been set in type will be charged to the author.

Copyright 1988, American Institute of Physics. Individual teachers, students, researchers, and libraries acting for them are permitted to make copies of articles in this journal for their own use in research or teaching, including multiple copies for classroom or library reserve use, provided such copies are not sold. Copying for sale is subject to payment of copying fees. (See "Copying Fees" paragraph elsewhere in this journal.) Permission is granted to quote from this journal with the customary acknowledgment of the source. To reprint a figure, table, or other excerpt requires in addition the consent of one of the original authors and notification to AIP. Reproduction for advertising or promotional purposes, or republication in any form, is permitted only under license from AIP, which will normally require that the permission of one of the authors also be obtained. Direct inquiries to Office of Rights and Permissions, American Institute of Physics, 335 East 45th Street, New York, NY 10017.

Subscription Prices (1988)	Optional air freight	
	U.S.A. & Poss.	Foreign (incl. Can. & Mex.)
Members (affiliated & member societies)	\$50.00	\$70.00
Regular rate	\$665.00	\$685.00

Reprints of individual articles in this journal may be ordered singly at \$10.00 per article copy (postage included) for articles up to 20 pages. Beyond 20 pages there is a surcharge of \$0.20 per page. Air mail delivery available. Orders are filled in 24 hours. Send orders to the American Institute of Physics, *Current Physics Reprints*, 335 East 45th St., New York, NY 10017.

Copying Fees: The code that appears on the first page of articles in this journal gives the fee for each copy of the article made beyond the free copying permitted by AIP. (See statement under "Copyright" elsewhere in this journal.) If no code appears, no fee applies. The fee for pre-1978 articles is \$0.25 per copy. With the exception of copying for advertising and promotional purposes, the express permission of AIP is not required provided the fee is paid through the *Copyright Clearance Center, Inc. (CCC)*, 21 Congress Street, Salem, MA 01970. Contact the CCC for information on how to report copying and remit payment.

Microfilm editions of back volumes of *The Physics of Fluids* are available on 16 mm and 35 mm. Special discounts for the complete backfile of journals published by AIP are also available. *The Physics of Fluids* also appears on a monthly basis in *Current Physics Microform (CPM)* Section I along with 29 other journals published by the American Institute of Physics and its member societies. A *Microfilm Catalog* is available on request. *The Physics of Fluids* is indexed quarterly in *Current Physics Index*, a subject and author index (with abstracts) to all journals published by AIP and its member societies.

Back-number prices: Single copies: \$57.00.

The Physics of Fluids (ISSN: 0031-9171) is published monthly by the American Institute of Physics. Second-class postage rates paid at Woodbury, NY and at additional mailing offices. POSTMASTER: Send address changes to *The Physics of Fluids*, 500 Sunnyside Blvd., Woodbury, NY 11797.

Subscriptions, renewals, address changes, and single-copy orders should be addressed to *AIP Subscription Fulfillment Division*, 335 East 45th St., New York, NY 10017. Allow at least six weeks advance notice. For address changes please send both old and new addresses and, if possible, include a label from the mailing wrapper of a recent issue. For your convenience a **change of address form is included in every issue of *Physics Today*; please use it.** Requests from subscribers for missing journal issues will be honored without charge only if received within six months of the issue's actual date of publication; otherwise, the issue may be purchased at the single-copy price. (AIP Headquarters are located at 335 East 45th St., New York, NY 10017; Subscription Fulfillment offices are located at 500 Sunnyside Blvd., Woodbury, NY 11797.)
