

Ronald C. Davidson, Editor
Samuel A. Cohen, Resident Associate Editor
Ellen G. Webster, Assistant Editor
Dianne Nunes, Assistant to the Editor

Associate Editors

Term ending 31 December 1994

A. H. Boozer
College of William & Mary
D. F. DuBois
Los Alamos National Laboratory
S. P. Gary
Los Alamos National Laboratory

Term ending 31 December 1995

D. Hammer
Cornell University
W. Nevins
Lawrence Livermore National Laboratory
J. A. Swegle
Lawrence Livermore National Laboratory
K. Whitney
Naval Research Laboratory

Term ending 31 December 1996

Y. Y. Lau
University of Michigan
R. L. McCrory
University of Rochester
G. A. Navratil
Columbia University
D. Ross
University of Texas at Austin

Fred L. Ribe, Editor Emeritus
François N. Frenkiel, Founding Editor, 1958–1981

AIP Editorial Staff: Lin Miller, *Editorial Supervisor*; Andrea Witt, *Journal Coordinator*
Richard O'Keefe, *Chief Production Editor*; Gregory Domke, *Production Editor*

Physics of Plasmas is published monthly by the American Institute of Physics (AIP) with the cooperation of The American Physical Society and is devoted to original contributions to and reviews of the physics of plasmas, including magnetofluid mechanics, kinetic theory and statistical mechanics of fully and partially ionized gases. The scope of contributed material includes equilibria, linear waves, and instabilities; nonlinear behavior, including turbulent and stochastic phenomena and associated transport, and solitons and shock waves; the physics of lasers and particle beams and charged-particle acceleration and transport; radiation generation, transport, propagation, and interaction with plasmas; gaseous electronics; plasma chemistry and processing; geophysical and astrophysical plasmas; plasma confinement by magnetic fields; inertial confinement physics; and the physics of dense plasmas or matter under extreme conditions.

Information for Contributors

Submit manuscripts (3 copies) to Ronald C. Davidson, Editor, *Physics of Plasmas*, Princeton Plasma Physics Laboratory, James Forrestal Campus, P.O. Box 451, Princeton, NJ 08543.

Submission is a representation that the manuscript has not been published previously nor currently submitted for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright from the authors (or their employers—whoever holds the copyright) to AIP; a suitable form for copyright transfer is occasionally printed in the back of this journal and is available from the Editor's office or AIP. This written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the 1978 U.S. copyright law in order for AIP to continue disseminating physics research results as widely as possible. Further information may be obtained from AIP.

Index the article according to AIP's *Physics and Astronomy Classification Scheme—1994* (PACS). The 1994 PACS scheme files are available through anonymous ftp (File Transfer Protocol) via the Internet, from pinet.aip.org or by writing for a free copy to PACS Editor, AIP. Choose up to four PACS numbers and type them in order of importance after the abstract.

Publication Charge: To support the cost of wide dissemination of research results through publication of journal pages and production of a database of articles, the author's institution is requested to pay a *page charge* of \$55 per page (with a one-page minimum) and an *article charge* of \$20 per article. For Errata the minimum page charge is \$10, with no article charge.

Reprints: Reprints may be ordered at current rates from AIP Circulation and Fulfillment Division (CFD), 500 Sunnyside Blvd., Woodbury, New York 11797-2999; minimum order of 100 is required.

Manuscripts for regular articles, letters, and brief communications must be prepared in accordance with the requirements of the Journal which are summarized on pages ix and x of the January issue of *Physics of Plasmas* this year. Additional style guidelines can be found in the 1990 Fourth Edition of the *AIP Style Manual*, published by the American Institute of Physics. It may be obtained for \$10.00 prepaid, from the American Institute of Physics, c/o AIDC, 64 Depot Road, Colchester, VT 05446. To order via credit card, call toll free: 800-488-2665. Manuscripts submitted in a form which is not appropriate for the Journal may have to be returned to the authors. A manuscript must be accompanied by a letter of submission signed by one of the authors. Comments of referees will be communicated only to the author.

AIP's **Physics Auxiliary Publication Service (PAPS)** is a low-cost depository for material which is part of and supplementary to a published paper, but is too long to be included in the journal; inquire of the Editor. PAPS deposits may also be used for unpublished papers and internal laboratory reports which authors wish to cite as references.

Proofs and all correspondence concerning papers in the process of publication should be addressed to: Editorial Supervisor, *Physics of Plasmas*, American Institute of Physics, 500 Sunnyside Blvd., Woodbury, NY 11797-2999. Reference must be made to title, author, journal, and scheduled date of issue. A limited number of alterations in proof are unavoidable, but the cost of making extensive alterations after the article has been set in type will be charged to the author.

© 1994 by the American Institute of Physics.

Permission is granted to quote from the journal with the customary acknowledgment of the source. To reprint a figure, table, or other excerpt requires in addition the consent of one of the original authors and notification to AIP. Reproduction for advertising or promotional purposes, or republication in any form, is permitted only under license from AIP, which will normally require that the permission of one of the authors be obtained. Direct inquiries to: Office of Rights and Permissions, American Institute of Physics, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Back-Number Prices: 1994 single copies: \$120. Prior to 1993 single copies: \$23 for members and \$120 for nonmembers.

Physics of Plasmas (ISSN: 1070-664X) is published monthly by the American Institute of Physics. Second-class postage rates paid at Woodbury, NY and at additional mailing offices. POSTMASTER: Send address changes to *Physics of Plasmas*, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Subscriptions, renewals, and address changes should be addressed to AIP Circulation and Fulfillment Division (CFD), 500 Sunnyside Blvd. Woodbury, NY 11797-2999. Allow at least six weeks advance notice. For address changes please send both old and

new addresses and, if possible, include a label from the mailing wrapper of a recent issue. For your convenience a **change of address form is included in every issue of *Physics Today*; please use it.** AIP will honor a request for a missing journal issue only within six months of that issue's actual date of publication. Requests received for missing issues beyond six months of the actual publication date will not be honored. The issue may, however, be purchased at the single-copy price.

Single-copy orders (current and back issues) should be addressed to AIP, CFD, 500 Sunnyside Blvd., Woodbury, NY 11797-2999.

Copying fees: Copying of articles beyond that permitted by the Fair Use provisions (Sections 107 and 108) of the U.S. Copyright Law requires payment of fees. The code at the bottom of the first page of each article gives the fee for each copy of the article. Fees should be paid through the *Copyright Clearance Center (CCC)*, 222 Rosewood Drive, Danvers, MA 01923.

Document Delivery: For information on obtaining copies of individual articles, contact AIP Circulation and Fulfillment Division, 500 Sunnyside Blvd., Woodbury, NY 11797-2999; phone: (516) 576-2277; (800) 344-6908; fax: (516) 394-9704; E-mail: elecprod@pinet.aip.org.

Online Availability: Abstracts of journal articles published by the AIP and its Member Societies are available in bibliographic databases on major online hosts. The abstracts are also available in the SPIN database via the AIP online service, PINET (Physics Information Network). PINET also offers Advanced Abstracts, a current awareness service with abstracts of research papers up to three months prior to their publication in AIP or Member Society Journals. Call (800) 874-6383 or (516) 576-2262 for further information.

The Item-Fee Code for this publication is 1070-664X/94 \$6.00.
