*Physics of Plasmas*, published by the American Institute of Physics (AIP) with the cooperation of The American Physical Society Division of Plasma Physics, is devoted to original experimental and theoretical contributions to the physics of plasmas, including equilibria, linear waves, and instabilities; nonlinear behavior, including turbulent and stochastic phenomena and associated transport, and solitons and shock waves; plasma physics of lasers and particle beams and charged-particle acceleration and transport; radiation generation, transport, propagation, and interaction with plasmas; low-temperature plasmas, including sources; plasma chemistry and processing; geophysical, planetary, solar and astrophysical plasmas; plasma confinement by magnetic fields; inertial confinement physics; the physics of high energy density plasmas or matter under extreme conditions; and dusty plasmas. Content is published online daily and collected into a monthly online and printed issue (12 issues per year).

**Submissions:** Submit manuscripts at [pop.peeerx-press.org](http://pop.peeerx-press.org). See the URL or contact the Editorial Office for accepted formats and detailed submission information. Submission implies that the manuscript has not been published previously and is not currently submitted for publication elsewhere. For specific editorial format requirements and submission information, visit [pop.aip.org/authors](http://pop.aip.org/authors).

**Publication Charge:** To support the cost of wide dissemination of research results through publication of journal pages and production of a database of articles, the author's institution is requested to pay a *page charge* of \$55 per page (with a one-page minimum) and an *article charge* of \$20 per article. For Errata the minimum page charge is \$55, with no article charge. For any regular, published article that exceeds 11 journal pages, a mandatory \$150 page charge will be added for each page in excess of 11 pages.

**Open Access:** Through participation in *Author Select*® and payment of a \$1800 fee, authors may choose open access publication for their accepted papers. Authors will receive information during the production process. More details about this option may be found at [pop.aip.org/authors](http://pop.aip.org/authors).

**Color Figures:** If authors supply usable color graphics files in time for the production process, color will appear in the online journal free of charge. Authors or their institutions must bear the cost of any color they wish to use in print. A fixed rate of \$325 for each color figure applies for color in print. For multipart figures, a single charge will apply only if all parts are submitted as a single piece of artwork.

**Reprints:** Authors will be contacted about reprint orders during the production process; all orders are placed through Rightslink. Direct questions to [pcr@aip.org](mailto:pcr@aip.org).

**2012 Subscription Prices:**

**Institutions:** For information and rates, visit [librarians.aip.org](http://librarians.aip.org) or contact [subs@aip.org](mailto:subs@aip.org).

**Members:** For information and rates, visit [journals.aip.org/2012MemberRate.pdf](http://journals.aip.org/2012MemberRate.pdf). or contact [subs@aip.org](mailto:subs@aip.org).

**Additional Availability:**

**Microform:** *Physics of Plasmas* is available on microfiche issued at the same frequency as the printed journal, and annually on microfilm. Direct requests to AIP, Circulation & Fulfillment/Single Copy Sales, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502, USA; Fax: +1 516-349-9704; Tel.: 1-800-344-6902 (U.S. & Canada), or +1 516-576-2270.

**Document Delivery:** Copies of journal articles can be ordered for online delivery from [www.documentstore.org](http://www.documentstore.org).

**Rights and Permissions**

**Copying:** Single copies of individual articles may be made for private use or research. Authorization is given to copy articles beyond the free use permitted under Sections 107 and 108 of the U.S. Copyright Law, provided that the copying fee of \$30.00 per copy per article is paid to the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, USA, [www.copyright.com](http://www.copyright.com). For classroom use fees, contact CCC's Academic Permission Service. (Note: The ISSN for this journal is 1070-664X.) Authorization does not extend to systematic or multiple reproduction, to copying for promotional purposes, to electronic storage or distribution, or to republication in any form. In all such cases, specific written permission from AIP must be obtained.

**Other Use:** See AIP's Web Posting Guidelines at [www.aip.org/pubservs/web\\_posting\\_guidelines.html](http://www.aip.org/pubservs/web_posting_guidelines.html). Permission is granted to quote from the journal with the customary acknowledgment of the source. Republication of an article or portions thereof requires formal permission from AIP and may be subject to fees. Permission may be obtained online using RightsLink. Simply click on the  Permissions/Reprints link in the abstract. You may also address requests to [rights@aip.org](mailto:rights@aip.org). *Physics of Plasmas* (ISSN: 1070-664X) is published monthly by the American Institute of Physics, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502.

The 2012 print+online base price is US\$3,835. POSTMASTER: Send address changes to *Physics of Plasmas*, AIP, Suite 1N01, 2 Huntington Quadrangle, Melville, NY 11747-4502. Periodicals postage rate paid at Huntington Station, NY 11746, and additional mailing offices.
