

# REVIEW OF SCIENTIFIC INSTRUMENTS

ISSN: 0034-6748  
CODEN: RSINAK

**Editor:** Thomas H. Braid, Argonne National Laboratory

**Consulting Editor:** Simon Foner, National Magnet Lab., MIT

**Editor Emeritus:** J.B. Horner Kuper, Brookhaven National Laboratory

**Associate Editor for New Instruments:** Joshua Stern, 2703 Ross Road, Chevy Chase, MD 20015

**Associate Editor for New Materials and Components:** Barry L. Farmer, University of Virginia

## Editorial Board

*Term ending 31 December 1991*

Robert R. Alfano (City College, CUNY)  
Masami Ando (KEK, Tsukuba, Japan)  
F. Barry Dunning (Rice University)  
A. Jayaraman (Inst. Science, Bangalore, India)  
L. C. Johnson (Princeton Plasma Lab.)  
J. R. Knutson (Natl. Inst. Health, Bethesda)  
Gopal K. Shenoy (APS, Argonne National Lab.)

*Term ending 31 December 1992*

D. F. Anderson (Fermilab)  
G. K. Binnig (IBM, Munich)  
I. J. Fritz (Sandia Natl. Lab.)  
R. A. Gottscho (AT&T Bell Labs.)  
S. M. Gruner (Princeton Univ.)  
J. H. Wheaton (ORNL)  
B. E. Woodgate (NASA/Goodard)

*Term ending 31 December 1993*

J. A. Blackburn (Wilfrid Laurier Univ., Canada)  
C. A. Crider (Princeton Research Instrum.)  
D. L. Ederer (NIST, Gaithersburg)  
P. Freymuth (Univ. Colorado, Boulder)  
J. D. Simon (Univ. California, San Diego)  
R. B. Weisman (Rice University)  
E. D. Williams (Univ. Maryland)

**Assistant to the Editor:** Lynn Welsh

**Editorial Assistants at AIP:** Deborah McHone, Editorial Supervisor; Elizabeth Belmont, Journal Coordinator; Julia Macklin, Senior Production Editor

The **Review of Scientific Instruments** is a monthly journal published by the American Institute of Physics (AIP) and devoted to scientific instruments, apparatus, and techniques. Its contents include original and review articles on instruments in physics, chemistry, and the life sciences, book reviews, and sections on new instruments and new materials. One volume is published annually.

**Submit manuscripts** to Thomas H. Braid, Editor, *Review of Scientific Instruments*, Argonne National Laboratory, P.O. Box 8293, Argonne, IL 60439-8293. Submission is a representation that the manuscript has not been published previously nor currently submitted for publication elsewhere. The manuscript should be accompanied by a statement transferring copyright from the authors (or their employers—whoever holds the copyright) to AIP; a suitable form for copyright transfer is occasionally printed in the back of this journal and is also available from the Editor's office or AIP. This written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the 1978 U.S. copyright law in order for AIP to continue disseminating physics research results as widely as possible. Further information may be obtained from AIP.

**Manuscripts** should be submitted in DUPLICATE and TYPED DOUBLE SPACE throughout [see the "Information for Manuscript Preparation" printed in the January issue of the journal (page iii)]. Figures must be of camera-ready quality, and should be identified on the back by the journal, the first author's name, and figure number. Authors should also consult the *AIP Style Manual*, published by the American Institute of Physics. It may be obtained for \$10.00 (payment must be enclosed) from the American Institute of Physics, c/o AIDC, 64 Depot Road, Colchester, VT 05446. To order via credit card, call toll free: 800-445-6638.

**Material for the New Instruments and New Materials and Components sections** should be submitted, respectively, to Associate Editors Joshua Stern, 2703 Ross Road, Chevy Chase, MD 20015 and Barry L. Farmer, Dept. of Materials Science, Thornton Hall, University of Virginia, Charlottesville, VA 22901.

**Reprints:** There is no publication charge. Reprints may be ordered at current rates from Publication Billing, American Institute of Phys-

ics, 500 Sunnyside Boulevard, Woodbury, NY 11797-2999; minimum order of 100 is required.

AIP's **Physics Auxiliary Publication Service (PAPS)** is a low-cost depository for material that is part of and supplementary to a published paper but is too long to be included in the journal; inquire of the Editor.

**Proofs and all correspondence** concerning papers accepted for publication should be addressed to: Editorial Supervisor, *Review of Scientific Instruments*, American Institute of Physics, 500 Sunnyside Boulevard, Woodbury, NY 11797-2999. In all correspondence, *reference should be made to title, author, journal, and scheduled date of issue*. A limited number of **alterations in proof** are unavoidable, but the cost of making extensive alterations after the article has been set in type will be charged to the author.

**Advertising rates** will be supplied on request. Orders, advertising copy, and offset negatives should be sent to: Advertising Department, American Institute of Physics, 335 East 45 Street, New York, NY 10017, 212-661-9404 x361.

**Copyright 1991**, American Institute of Physics. Individual teachers, students, researchers, and libraries acting for them are permitted to make copies of articles in this journal for their own use in research or teaching, including multiple copies for classroom or library reserve use, provided such copies are not sold. Copying for sale is subject to payment of copying fees. (See "Copying Fees" paragraph elsewhere in this journal.) Permission is granted to quote from this journal with the customary acknowledgment of the source. To reprint a figure, table, or other excerpt requires in addition the consent of one of the original authors and notification to AIP. Reproduction for advertising or promotional purposes, or republication in any form, is permitted only under license from AIP, which will normally require that the permission of one of the authors also be obtained. Direct inquiries to Office of Rights and Permissions, American Institute of Physics, 335 East 45 Street, New York, NY 10017.

12/90

# REVIEW OF SCIENTIFIC INSTRUMENTS

VOL. 62, NO. 3, MARCH 1991

## ARTICLES

- |     |  |  |
|-----|--|--|
| 567 | <b>A new triple correlation technique for measuring ultrashort laser pulses</b>  | Nicholas G. Paulter, Jr.,<br>Arun K. Majumdar    |
| 579 | <b>Rapid programmable 300 ps optical delay scanner and signal-averaging system for ultrafast measurements</b>                      | D. C. Edelstein, R. B. Romney,<br>M. Scheuermann |
| 584 | <b>A multi-optical-fiber array with charge-coupled device image detection for parallel processing of light signals and spectra</b> | Richard D. Piccard, Tuan Vo-Dinh                 |
| 595 | <b>The effect of microchannel plate gain depression on PAPA photon counting cameras</b>  | Bruce J. Sams III                                |
| 600 | <b>A reliable pump-probe, broadband spectrometer for subpicosecond transient absorption</b>  | N. P. Ernsting, M. Kaschke                       |

### Subscription Prices\* (1991)

	U.S.A. & Poss.	Can., Mex., Central & S. Amer. & Caribbean	Foreign Surface Mail	Air Freight Europe, Asia, Africa & Oceania	Optional Air Freight
Members <sup>†</sup>	\$50.00	\$75.00	\$100.00	_____	\$100.00
Reg. rate	\$550.00	\$575.00	_____	\$600.00 <sup>‡</sup>	_____

\* The journal is available on microfiche at \$50 per year to members and \$600 per year at the regular rate.

<sup>†</sup> AIP Member and Affiliated Societies.

<sup>‡</sup> Regular rate subscriptions to Europe, Asia, Africa, and Oceania include air freight service.

**Back-Number Prices.** Single copies [Vol. 24 (1953) and thereafter]: \$50.00, except for conference supplements. Prices for conference supplements on request. Volumes 1-23 (1930-1952) are available only on microfilm.

The *Review of Scientific Instruments* (ISSN: 0034-6748) is published monthly by the American Institute of Physics. Second class postage rates are paid at Woodbury, NY, and at additional mailing offices. POSTMASTER: Send address changes to *Review of Scientific Instruments*, 500 Sunnyside Blvd., Woodbury, NY 11797.

**Subscriptions, renewals, and address changes** should be addressed to *Member and Subscriber Services Division, American Institute of Physics, 500 Sunnyside Blvd., Woodbury, NY 11797*. Allow at least six weeks' advance notice. For address changes please send both old and new addresses and, if possible, include a mailing label from the wrapper of a recent issue. For your convenience a **change of address form is included in every issue of *Physics Today*; please use it**. Requests from subscribers for missing journal issues will be honored without charge only if received within six months of the issue's actual date of publication; otherwise, the issue may be pur-

chased at the single-copy price. (AIP Headquarters and Advertising offices are located at 335 East 45th St., New York, NY 10017.)

**Single-Copy and Reprint orders** should be addressed to *Publication Billing, American Institute of Physics, 500 Sunnyside Blvd., Woodbury, NY 11797*. Reprints of individual articles in this journal may be ordered singly at \$10.00 per article copy (postage included) for articles up to 20 pages. Beyond 20 pages there is a surcharge of \$0.20 per page. Airmail delivery is available. Orders are filled within one week of receipt or of the date of publication, whichever is later.

**Copying Fees:** The code that appears on the first page of articles in this journal gives the fee for each copy of the article made beyond the free copying permitted by AIP. (See statement under "Copyright" elsewhere in this journal.) If no code appears, no fee applies. The fee for pre-1978 articles is \$0.25 per copy. With the exception of copying for advertising and promotional purposes, the express permission of AIP is not required provided the fee is paid through the *Copyright Clearance Center, Inc. (CCC), 27 Congress St., Salem, MA 01970*. Contact the CCC for information on how to report copying and remit payment.

**Microfilm subscriptions** of complete volumes of the *Review of Scientific Instruments* are available on 16 mm and 35 mm. The *Review of Scientific Instruments* also appears on a monthly basis in *Current Physics Microform (CPM) Section 1* along with 32 other journals published by the American Institute of Physics and its member societies. A *Microfilm Catalog* is available on request. The *Review of Scientific Instruments* is indexed quarterly in *Current Physics Index*, a subject and author index (with abstracts) to all journals published by AIP and its member societies.

**Russian edition:** A cover-to-cover translation of this journal is published under the title (*Instruments for Scientific Research*) by the Publishing House Mir in Moscow, USSR. Subscriptions may be obtained through Mezhdunarodnaya Kniga, Smolenskaya-Sennaya pl. 32/34, 121200 Moscow G-200, USSR, or a domestic subscription agency dealing with Soviet periodicals.
